such as through community service.

COST COMPARISON

Teen Court:
$625/participant

Incarcerating one youth for the state:
$160,000/year

Addressing trauma is a universal factor in youth violence, researcher says.

The most common form of violence is bullying and nationally, "we haven't moved the needle on it in decades."

Gun violence, abuse, neglect, and gang violence are also issues.

PAUL SMOKOWSKI
Executive Director of the NC Youth Violence Prevention Center

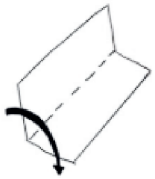
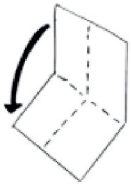
HOW TO FOLD A ZINE

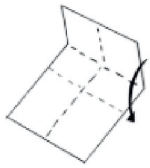
Start with a regular 8.5x11 sheet of paper. Print the PDF, making sure to select “actual size”. Do not fit to page. You may need to remove borders, depending on the type of printer.



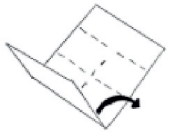
Fold your piece of paper in half length ways.



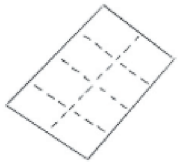
Then fold the piece of paper from the shorter side to the other shorter side.



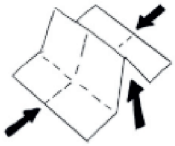
Unfold the piece of paper, then take one of the shorter sides & fold it in to meet the middle crease.



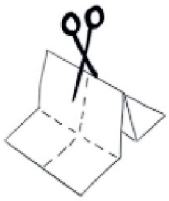
Open the piece of paper back out. Repeat the last fold again on the other side.



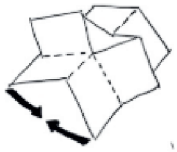
Unfold the piece of paper so it is flat. You should be able to see eight boxes. Turn the paper over.



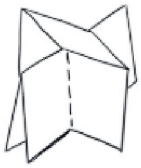
Push the shorter ends of the piece of paper towards each other. This will lift the central fold upright.



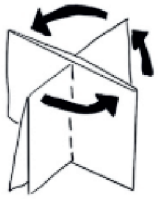
Cut along the side where the crease is. Be sure to only cut half way down the piece of paper.



Open your zine up by bringing the corners on the long sides together.



This should create a booklet shape.



Then fold each one of the pages down to create a folded zine.

Ta Dah! Now you’ve made your zine and it’s ready to read. Scan QR codes throughout the zine to access more content.
